

SNACKS AND SUNDRIES

→ The selection of Bar Snacks on offer in an establishment is seen by many as important a decision as the drinks offering itself.

We're proud to offer a choice of premium hand-cooked crisps from both Salty Dog and Tyrrells, in addition to a recent and exciting addition of olives, nuts, snacks and crackers from the award winning 'Olives et al'. We are just as passionate about our snacks offering here at **Inn Express** as we are about our drinks!

Tyrrells - Our Story

Our story starts in the rich fertile soils of Herefordshire. We grow older potato varieties such as Lady Claire and Lady Rosetta that are renowned for their taste and chipping qualities. Once peeled, we thickly slice our potatoes into sunflower oil and handcook them, before seasoning them. We're proud to have won over 40 Great Taste Awards for our products since we started in 2002. The good news for you? 20 of these are GOLD medal winners!
