

This document details the products due to price changes in the coming weeks.

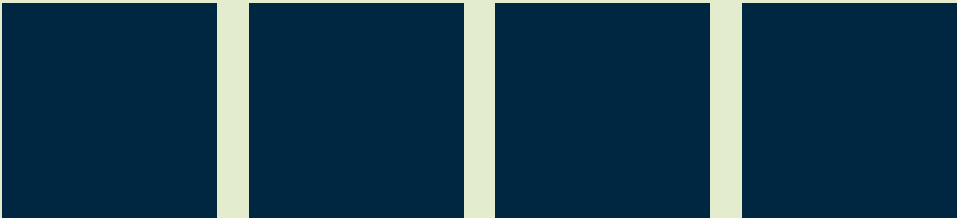

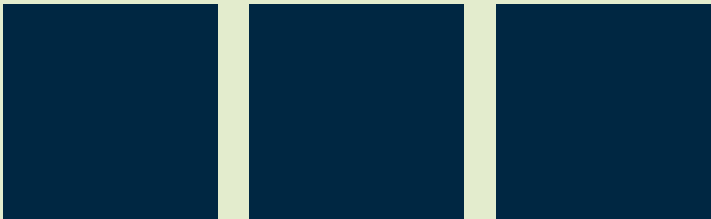

As expected, these adjustments reflect the rising costs of goods. Additionally, producers and manufacturers are now factoring in the impact of the Extended Producer Responsibility (EPR) scheme on their products.

You can find more information on this topic [here](#)

At Inn Express, we are committed to providing transparent and fair pricing. We want to assure you that these price increases are directly passed on from the Manufacturer/Brand Owner and implemented only when absolutely necessary.

We understand that price changes can be impactful, and we encourage you to contact your dedicated account manager or our customer services team if you wish to discuss this further. They will be happy to answer any questions you may have and explore potential product or packaging alternatives should you require them.
